Note: Deviations from the above paper specifications could impede the review of your paper and result in rejection.

Evaluation criteria of submitted papers

- Manuscripts must state clearly and concisely the problem, methodology used, and central conclusions, and they may include figures and graphs.
- Manuscripts must include a bibliography to help reviewers place the contributions of the work into context.
- To write an efficient conference paper, please visit the IEEE Author Center https://conferences.ieeeauthorcenter.ieee.org.

Additional requirements

Make sure to meet the IEEE Ethical requirements:
https://journals.ieeeauthorcenter.ieee.org/wp-content/uploads/IEEE-Author-Ethics-Guidelines.pdf

Upon submission, authors need to agree to the terms of iThenticate; for more information, see https://www.ieee.org/publications/rights/cross-check-main.html.

If your paper is accepted for publication at this conference, you will also need to adhere to the following requirements:

- IEEE policy requires you to file a copyright release for each accepted submission. Without a copyright release on file, your paper CANNOT be published. Further instructions will be included in your decision email.
- Your final submissions will need to be checked by IEEE PDF Express, before they can be submitted. Please allow sufficient time for performing this check and for making any necessary alterations.
- **At least one author per accepted submission must be registered AND attend the conference to present their paper.**
- **IEEE reserves the right to exclude any accepted paper from distribution after the conference (including removal from IEEE Xplore) if the accepted paper is not presented at the conference.**
