

INTERNATIONAL RADAR CONFERENCE 2024

Sensing for a Safer World

21 – 25 October 2024

Rennes – France

EXHIBITION FORM

WELCOME TO RADAR 2024

Like every five years, the IEEE International Radar Conference is back in France and will be in Rennes, as the world's premier international forum on radar systems.

Located in Brittany, Rennes hosts numerous public and private research labs working in high tech topics such as : Radar, propagation, antenna design and communications.

It is close to several major naval facilities, such as Saint Nazaire, Lorient and Brest. The biggest French MoD expertise center, so called DGA-MI, is also located in the vicinity of Rennes.

The International Radar Conference will serve great opportunities for exchanges, presentations, interactions, among the Radar scientific and industrial communities, having in mind the conference motto "Sensing for a Safer World" encompassing : monitoring of the environment thanks to surveillance systems, safety and security in all application domains (aircraft, maritime, cars and so on).

We are also sure that you will enjoy a top-class conference center located within a historical monument called "Couvent des Jacobins" in a very lively neighborhood.

We look forward to welcoming you to Rennes, and to seeing you at Radar 2024.

Myriam Nouvel, General Chair and Rémi Baqué, organization Chair.

Why being an exhibitor at RADAR 2024?

The RADAR'24 exhibition is the opportunity for the exhibitors to show their products and know-how; for the local bodies to invite regional companies involved in the radar systems and technologies; for everybody to start profitable contacts.

This international event will bring together approximately 400 participants: directors, managers, heads of department, engineers, researchers and PhD students. An exceptional line-up of guests and speakers will be present for the occasion.

The exhibition area will be located nearby the conference rooms, within the «Grand Foyer» where the coffee break will take place.
